29. Last time we had this argument about Mason and his statutory rape charge, Norman brought up a good point. Judge a man's personal life and his accomplishments differently.
30. Mason was a degenerate. I don't agree with him going after a 15 year old but I don't know the context, but what I do know is that he had a lot of groupies a lot of whores. To my knowledge he doesn't have any kids. It would appear that he's a sexually promiscuous and absolutely degenerate about it.

886.

887. That's what I'm talking about when I say it regarding the Reich

889. They went hard on the communist

890. verdomme

891. Einsatz was tasked with killing undesirables, I'm sure they were flexible

892.

893. charnaz1488

894. That's what the allies want you to believe they ment communists mainly when they talked about undesirables most nonviolent jews where taken captive and that was a mistake imo

895.

896. Jews that fought where slaughtered for sure but not many did

897. verdomme

898. Well if you think about the mentality of the most loyal and fanatic members of the SS it isn't a far reach to suggest they killed Jewish civilians

899.

900. charnaz1488

It just makes sense if they wanted the Jews dead they wouldnt have rounded up any just shot them all and dumped them in pits instead of keeping them alive for years just to kill them at some random time. The kikes just wanted an excuse to kill high ranking nazi officials so they made up the death camp bullshit

921.

922. verdomme

923. Not wrong

924.

925. charnaz1488

926. Plus zyklon B in the showers is the most flimsy shit lol they used it to delouse prisoners no shit itd be in the showers. One you take one lie it all unravels and you see how bullshit it all is all the lies about the Reich are disgusting. But I do wish the 6 million number was true but there where more jews after the war than before

927.

928. juppi

929. Yeah Zyklon B was used to kill bugs at the time. They created better gasses to kill people in ww1 already so why use something like that?

930.

931. What Zyklon did was replace the air in lungs and suffocate everyone in the room

932. But mustard gas fucking melts your lungs if you get in contact with it. Way quicker and effective than Zyklon

933. charnaz1488

934. Exactly it just doesn't make sense but they put so much emotion behind people dont think they just believe. And using a non airtight room as a gas chamber is retarded. Chlorine or mustard gas would have been used much more efficiently and they're both easy to make

935.

936. juppi

937. Also zero traises of gassing during autopsy

938.

939. charnaz1488

940. Also bullets work way better than gas too it would have been simpler to line them up and shoot them. Plus the fact the bodies where burned make it almost impossible to prove or disprove

941.

942. charnaz1488

943. Basicly so few of the ally narratives are true its scary how many retards believe them. But killing Jews would have made sense hitler just knew it would justify the us and other countries getting involved even though they did anyway

If I was single without kids I'd be drinking almost daily I'm sure

1567.

1568.

doomsayeth

1569.

I hardly drink ever anymore.

1570.

1571.

Kids definitely put a damper on it.

1603. Norman Spear  
1604. Yeah i know. Just making a point.  
  
1605.  
1606. juppi  
1607. That will work no doubt

1608.   
1609. doomsayeth  
1610. Does she like to get drunk? Or is it just a social thing?

1641.

1642. Shes getting a job currently along side with school so it might become a thing in the future

1643. Norman Spear

1644. As long as her drinking doesn't cause her to act badly it's probably fine especially if it's normal social behavior

1645.

1646. juppi

1647. Alright thanks.

1648.

1650. So I got a call yesterday from an Army Reserves recruiter. Join for training and fun in Euro or Korea or just go to training seminars?

1651.

1652. doomsayeth

1653. Don't join the military imo.

1654.

1655. Actually reserves might be ok, but it depends on what MOS

1656. Or job you pick

1657. leafensraum

1658. So how's everyone doing this afternoon?

1659.

1660. doomsayeth

1661. Pretty dang good.

1662.

1663. How about you?

1671.

1672. Arcturus

1673. Yeah, I can't see his either

1674.

1675. At least the second one. I could read him asking how everyone was doing

1676. weird shit

1677. doomsayeth

1678. Yeah it's a weird bug.

1679.

1680. Norman Spear

1681. leafensraum: i can read your messages. There's a bug sometimes that delays the sending of encryption keys to another user. It should resolve itself in 24 hrs max.

1682.

1683. doomsayeth

1684. Sup Norman.

1685.

1686. Norman Spear

1687. Hi

1688.

1689. I read that some of the caravan already broke through yesterday. Or is that a different bunch?

1690. doomsayeth

1691. That was a different group

1692.

1693. But 4 buses did arrive in the last few days

1694. Norman Spear

1695. So there just bussing them in?

1696.

1697.

doomsayeth

1698.

Yeah

1699.

1700.

Quite a few

1701.

Inthink about 400 arrived in the last few days in buses and on semis, etc.

1702.

Norman Spear

1703.

Taking them directly to the camp that the military set up?

1704.

1705.

doomsayeth

1706.

And there is already a 1000 case asylum backlog at san ysidro port of entry in Cali.

1707.

1708.

Not yet for now theybare still on the Mexico side, last I heard anyways.

1709.

Norman Spear

1710.

Trump said he wants them in the US just legally

1711.

1712.

doomsayeth

1713.

Yeah

1714.

1715.

The are going to set up permanent processing centers on U.S. military bases.

1716.

To process asylum appeals "the right way"

1717.

Norman Spear

1718.

Yeah so Trump will be happy that they are legal after that

1719.

1720.

He said we need them

1721.

doomsayeth

1722.

Active duty troops just started showing up in the last week or so.

1723.

1724.

Andras77

1725.

The capitalist system of America needs illegal immigrants to function

1726.

1727. Norman Spear

1728. Yes

1729.

1730. Same story in Europe

1731. doomsayeth

1732. Yeah it's true.

1733.

1734. A lot of industries would collapse if they didn't have parasitic cheap labor to work for them

1735. A prime example is California agriculture

1736. Norman Spear

1737. This caravan processing is going to become a permanent phenomenon just like what's going on in EU

1738.

1739. doomsayeth

1740. Yup

1741.

1742. They are going to test the waters

1743. Trump made a big show of calling the troops

1744. Norman Spear

1745. It just proves he all bark no bite

1746.

1747. doomsayeth

1748. But he just wants it to seem like he is making everything "by the books"

1749.

1750. Norman Spear

1751. I'm even willing to consider that maybe part of him really does want to shoot at the caravan but he's totally powerless

1752.

1753. doomsayeth

1754. This is going to send a massive signal to every south american shit hole

1755.

1756. Norman Spear

1757. Yes and Haliburton or whoever will start building bigger and bigger processing centers

1758.

1759. doomsayeth

1760. Yup

1761.

1762. Norman Spear

1763. It'll become industrialized

1764.

1765. doomsayeth

1766. I honestly believe that's their game plan.

1767.

1768. Norman Spear

1769. Seems like it

1770.

1771. doomsayeth

1772. Seeing how it's being handled.

1773.

1774. Norman Spear

1775. That's exactly what's happening in EU

1776.

1777. Don't see any compelling reason USA would end up differently

1778. doomsayeth

1779. [22:16](#) And we wont have the luxury of the Europeans who are being brutally attacked by the muslim and African immigrants.

1780.
