138. doomsayeth

139. Are you going to believe me, or your lying eyes?

143.

144. Arcturus

145. Probably good the proud boys got labeled white supremacists tbh

146.

147. label everyone a white supremacist so the pejorative loses its clout

148. thus making people less suspicious of those labeled a white supremacist (and probably in time giving less of a shit about it) allowing for more recruitment

149. jews really are their worst enemy

175. charnaz1488

wake people up, IQ is a jewish invention made to make themsleves feel superior

177.

178. Arcturus

179. Gonna counter signal you there

180.

181. IQ is real

182. charnaz1488

183. Willam stern was a german jew

184.

185. doomsayeth

186. Yeah, it is.

187.

188. Arcturus

189. It's just basically measuring intelligence

190.

191. charnaz1488

192. I don't think intelligence can be measured that way iq tests are easy once you
figure them out.

193.

194. Arcturus

195. afaik its not even verbal intelligence it's measuring

196.

197. It's just pattern recognition

198. I don't know how that could be kiked

199. charnaz1488

200. Because a kike came up with it and kikes just do way better at it for some
reason

201.

202. leafensraum

203. Actually if you get a professional one done, they measure everything from verbal, to spatial recognition and logic.

204.

205. And it's illegal to give them to niggers. WONDER WHY THAT IS.

206. charnaz1488

207. All the people that pushed iq where kikes

208.

209. leafensraum

210. It's a mystery wrapped in an enigma and hidden away in a lock box.

211.

212. Arcturus

213. I don't know man. There's definitely a difference between someone whose 130 iq and 90

214.

215. You may disagree with the methods they use to reach that conclusion but it's more or less accurate for telling if someone is a retard

216. charnaz1488

217. Sure there is but that's not a good measure of it on a whole. And in not going to trust something so kiked

218.

219. leafensraum

249. Reminds me of what they did to david irving

250.

251. Or similar at least

252. leafensraum

274. Where lineage is actually important, you can't just trust the name itself.

275.

276. charnaz1488

277. No of course not. But being a kike does matter to me at least I'm less likely to trust them but this seems like a good read

278.

279. leafensraum

280. Oh absolutely. Not defending kikes.

281.

282. Just pointing out you do have to be careful with some last names. They even stole those...

283. Bergs are the only one that are pretty much universal.
284. charnaz1488

599. Andras77

617.

618. charnaz1488
