12. Like most everything else it'll be a slow boil chipping away at 2A bit by bit as has been the case for the last 40 years in America. It'll always be technically our right to keep & bear arms but the restrictions will be so heavy that only the most slavish System shills & lemmings will be allowed to—Monitoring of owners' wrongthink (i.e. "mental health") will be increasingly severe. This is an example of states rights actually backfiring because they act piecemeal against gun ownership which makes the effect diffuse and less noticeable unless you're someone who follows the latest legislation in each state which most average Americans don't do. I suppose the NRA has helped to slow down the phenomenon but like all other conservative reactionary efforts it's fundamentally failing ultimately.

477.           No fucking nonwhites

478.           Norman Spear

479.           Ok fine. But it needs to happen in stages no?

480.

481.           Andras77

482.           Nothing besides national socialism

483.

484.           Sure

485.           Norman Spear

486.           I'll remember to never say ethnostate around you again

487.

488.

cempa

489.

Likewise

490.

491.

Norman Spear

492.

I'll stick with 'territory'

493.

494.

I think that encompasses what we agree on

495.

Andras77

496.

The land we occupy IS national socialism itself

497.

498.

If that makes sense

499.

We are national socialism

500.

We are the natural order

501.

It is the true religion of man

502.

Norman Spear

503.

I agree with that

504.

505.

I think any true national socialist would

506.

512.

legionnaire14: The only tradition that exists is the tradition of the natural world

513.

514.

Nature itself

515.

We must destroy everything behind us and lay the road before us

516.

The road of national socialism in totality

517. Norman Spear  
518. It's an evolutionary process from where we are today  
  
519.  
520. It will inevitably have stages  
521. Andras77  
522. Yes  
  
523.  
524. legionnaire14  
525. \*\* Unable to decrypt: The sender's device has not sent us the keys for this message. \*\*  
526. Re-request encryption keys from your other devices.  
527. ?  
  
528.  
529. Andras77  
530. But we never stop until we reach TAV  
  
531.  
532. legionnaire14  
533. \*\* Unable to decrypt: The sender's device has not sent us the keys for this message. \*\*  
534. Re-request encryption keys from your other devices.  
535. ?  
  
536.  
537. Norman Spear  
538. I don't see why we would want to stop  
  
539.  
540. Andras77  
541. Maybe we would never want to stop  
  
542.  
543. But maybe our great great grandchildren? Who knows  
544. Which is why we must make it so that never happens  
545. By making it impossible  
546. Which will be the greatest task the aryan has ever embarked upon  
547. But it must be so or we decay

548. Norman Spear  
549. I'm so focused on us surviving the next.100 years that it seems too abstract  
now

550.

551. Andras77

552. For sure

553.

554. I talking in supreme abstract

555. I'm\*

556. We must focus on the now

557. I was just elaborating on something I think is important to consider

558. Norman Spear

559. Ok

560.

561. And as the White Race stands today, who do you consider White?

562. Or White enough?

563. Andras77

564. Thats a hard question

565.

566. I can't really give a good answer

567. Some people who are 100% European look less white than a quadroon

568. I would probably do what Hitler did and designate racial scientists to figure it  
out

569. And figure out a good scientific method

570. Norman Spear

571. We need a method right now for immediate practical purposes like forming  
White organizations

572.

573. Andras77

574. Its allot easier to see from facial features or the complexion who is white or not

575.

576. I can't form a valid method besides just a general idea of if you are 95% white  
your probably okay

577. I doubt many mutts would want to join a NS org  
578. But if they do it won't be the hardest thing to figure out if they are one  
579. Norman Spear  
580. Jews join  
  
581.  
582. Andras77  
583. Jews are not white  
  
584.  
585. cempa  
586. It's a madness in their blood. You see it everywhere.  
  
587.  
588. Andras77  
589. So they would get kicked out 100% of the time  
  
590.  
591. Norman Spear  
592. Yeah I know they're not white that's my point  
  
593.  
594. Andras77  
595. Sure  
  
596.  
597. cempa  
598. A simple DNA test shows any jew dna marker.  
  
599.  
600. Norman Spear  
601. I'd say if your ultimate goal is an 100% Aryan world your standards today  
should reflect that  
  
602.  
603. 95% isn't good enough  
604. Andras77  
605. We are not at total aryan victory

606.

607. Total aryan victory would necessitate the elimination or sterilization of all non aryan blood

608. If thats what your asking

609. cempa

610. I am 97% European and 3% neanderthal. So

611.

612. Andras77

613. Even 1% would be bad in a total aryan victory scenario

614.

615. Norman Spear

616. Ok i see what your saying

617.

618. Andras77

619. But thats far in the future

620.

621. Norman Spear

622. Right

623.

624. Andras77

625. Neanderthals are white

626.

627. Allot of whites have that DNA

628. cempa

629. If you are white you have it. If not you aren't European.

630.

631. Andras77

632. There is some stupid meme that neanderthals are jews

633.

634. Norman Spear

635. Jews are gene steamers

636.

637. cempa

638. The left can't meme
