184.

185. Arcturus

186. If even only 1/8 men take on 2 wives (wouldn't think that to be unfeasible) they'd be "using up" 1/4 of the women. Ideally speaking the rest of the 3/4 would be accounted for, so 1/8 of men would still be unwed unless they take on some kind of faggoty cuck agreement for two men to marry one woman.

187.

188. This COULD be offset by having generational foreign wars but that gets incredibly costly incredibly quick, as well as opening up the possibility that you lose one

of those, throwing your country in the shitter

189. Juice just ain't worth the squeeze from a macro level IMO

190. I'd argue even now we have a soft form of polygamy going on which is probably having a negative effect for the average guy. You have the natural 80/20 rule where 80% of women go for the top 20% of guys, but now it's acceptable to that around for them, wasting precious years they could spend married to some normal guy thus lowering the birth rate, making damaged goods of the women etc etc

191. I don't so much have an issue with the practice on a moral level but on a practical level it seems unsustainable long term

1485.

1487. Apparently r/the_cuckold already has a good portion of cw2.0 posters

1488.

1489. Agreed

1490. Arcturus

1491. Start talking about taking guns and I honestly don't doubt normies could find themselves on a path to our way of thinking

1492.

1493. Maybe I'm being hopeful but it puts things in the context of this being a struggle for them and they become open to radicalization within the confines of the right wing, possibly eventually all the way to here

1494. That would be a bigger boon than anything to these ideas

1495. Halfway normal well adjusted people coming en masse to revolutionary thinking, that would have these liberal faggots quaking in their sneakers

1496. It's the slow boil that kills whites. Turning the heat up immediately would save us.

1497. charnaz1488

1498. Yes I want the gun grabbing to happen I want acceleration we need to wake more lemmings up that's a good place to start that and rapefuges

1499.

1500. Arcturus

1501. I'd say rapefugees would be less effective tbh

1502.

1503. Guns, that effects everyone with a pair of balls. Crime can be conveniently ignored because "that doesn't happen here"

1504. or people shrink back into bugman status away from their communities where they literally don't see it

1505. d00mr

1506. The problem is that when normies "radicalize" they only become more hardcore constitutionalists. I'm convinced that cw2.0 will be white nationalists vs amnats vs everyone else

1507.

1508. I think doomsayeth was talking about that a little bit ago

1509. charnaz1488

1530. d00mr

1531. Constitutionalism won't save our race or guarantee white supremacy in our own homelands

1532.

1533. Arcturus

1534. I think the constitutionalists would turn a blind eye to us - or some come over - if the government is some liberal amalgamation headed by Kamala Harris

1535.

1536. Of course it won't. But more people opposed to the government is good.

1537. charnaz1488

1538. For sure the constitution wont save white society

1539.

1540. True the 3% are a good source of people like us at least somewhat

1541. Arcturus

1542. I think they may appreciate in their own way someone taking action against the government, even if they disagree with those doing so.

1543.

1544. d00mr

1545. We need an age of lawlessness to undo the wrongs against our people.
Constitutionalists would only try to re-establish rule of law as soon as possible.

1546.

1547. Arcturus

1548. Now, if trump is in office, we'd have an issue with them

1579. He postured for gun control once but he postures on a lot of shit, nothing has really happened
1580. charnaz1488

1594. Calling the "media" the enemy of the people etc

1595. charnaz1488

1596. I hope so I think he was pissed a kike married his daughter

1598. And the isreal cock sucking may just be this term I hope it is

1599. Arcturus

1600. Once they accept that premise, only have to show them who that is, if they're receptive

1601.

1602. I don't think he is antisemitic, but his rhetoric could easily be turned in that direction

1603. charnaz1488

1604. Exactly even normies know the jews run the media. Not antisemitic but he doesn't love the kikes as much as he says

1605.

1606. d00mr

1607. I'm pretty sure he's just a gate keeper, and nothing else.

1608.

1609. Arcturus

1610. And the more time we have online, I think the more young people we're going to turn our way. The jump from a young trump supporter to white nationalist isn't that large a leap to make.

1611.

1613. d00mr

1620. Every business man in new york need them but that dosent mean he loves them. Theres a goute about him being pissed his daughter married Kushner and called Kushner a faggot. But yeah he proabbly doesnt hate them as much as we need

1621.

1622. Needs

1623. I'm holding out hope hes hiding a bit of a power level but I doubt it

1624. Arcturus

1625. My point is less about the man specifically and more about the environment he's creating, intentional or not

1626.

1627. charnaz1488

1628. Yeah I agree with that point

1629.

1630. d00mr

1631. If you don't think that the Jews don't also believe in acceleration, then I would believe that is a miscalculation. Jews are funding the infighting in America - even if it some of it comes back at them. It doesn't matter, they'll always stay safe in their own ethnostate

1632.

1633. Arcturus

1634. That's fine. Our goals can align for now.

1635.

1636. Also to be fair, jews are not a completely monolithic group. There's probably jewish infighting at the core of that

1637. charnaz1488

1638. The fact that Patrick little got even 1% in commieforina says something about the environment. Oh for sure they want America subdued and all the kikes in Israel fighting for the IDF

1639.

1640. Arcturus

1641. Some jews would prefer the slow boil of america, others the acceleration

1642.

1643. charnaz1488

1697. May as well be a civic nationalist and stop ridding the damn fence
1698. charnaz1488

1738. charnaz1488

1775. Yes, the only talking that should be done is on an individual to individual level of discussion with those most likely to convert, mass posting long videos with info nobody will watch but those who already know or trying to convince people of things they will never believe without the other things needed in order to believe it etc is pointless untermensch filth that does nothing, you can't just be strong and "based af" and instantly become ubermensch

1776.

1777. charnaz1488
